- Promoting regional space activities and
- space uses/ Awareness raising
- Strengthening Working Groups
- Mobilising young network community

## Milestones of EU-Space Policy 2011

April 2011:Publication of the EC-<br/>Communication "Towards a<br/>space strategy for the European<br/>Union that benefits its citizens"

June 2011: Publication of EC-proposal for the next Multiannual Financial Framework 2014-2020

## Political Dialogue 2011

- In anticipation of MFF-proposal of EC: NEREUS Position Paper on the next MFF for a competitive, sustainable and inclusive Europe (April 2011)
- NEREUS-Feed-back paper to working document of CoR (August 2011)
- Following MFF-proposal of EC: NEREUS Position Paper : Provisions for GMES in the Multiannual Financial Framework 2014-2020. (October 2011)

## Priorities for 2012

- Supporting Regional Strategies
- Efforts to establish links between NEREUSactivities to Europe 2020
- Reinforcing Working Groups
- Continuing Political Dialogue

## Political Dialogue 2012 (1)

- Efforts/lobbying that GMES remains an EUfunded program and positioning NEREUS with respect to the future funding of GMES post 2013
- Enhancing partnerships with EU-institutions
- Intensifying exchange with DG Reggio with the objective set up a better link between the development of space services and regional policy/cohesion policy

## Political Dialogue 2012 (2)

#### Concretely planned:

- Beginning 2012 meeting with vice-president Tajani (EC)
- Intensifying links and cooperation with Members of European Parliament from NEREUS-member regions
- Actively promoting GMES as an EU-funded program

## Promoting space uses

NEREUS undertakes different approaches to raise awareness for benefits of space services, special focus on public administration and non-space audience

Communication towards different target groups at regional level

- Broad public
- Politicians, local authorities
- Regional administration
- Different business- and industry communities
- Young people (students, young professionals, children)

## Promoting space uses

NEREUS undertakes different approaches to raise awareness for benefits of space services, special focus on public administration and non-space audience

Communication towards different target groups at regional level

- Broad public
- Politicians, local authorities
- Regional administration
- Different business- and industry communities
- Young people (students, young professionals, children)

# Making activities and capabilities at regional level more transparent

Through an interregional collaborative effort NEREUS produced two publications that illustrate space uses (EO/GMES and GNSS) in different domains and public policy areas at regional level

25 Uses of GMES in the NEREUS Regions \* **nefector** network of european regions using space technologies

Satellite Navigation applications in the NEREUS Regions

Prepared by the NEREUS GNSS Working Group April 2011

Prepared by the NEREUS Earth Observation / GMES Working Group

## Presenting and explaining space uses

NEREUS built a mobile exhibition featuring the variety and benefits of regional space uses, The exhibition comprises

- poster presentations of its member regions and
- a video
- various exhibits
