Prof. Michel Bousquet, Institut Supérieur de l'Aéronautique et de
l'Espace (ISAE), Toulouse

➤ ca. 10 -15 members, meeting twice a year

➤ **Mandate:** promote and facilitate cooperation in space related education activities between European regions (dissemination, networking and projects)

Communication, Education and Training

So far...

- An ERASMUS Project on “FORmation of Multi-disciplinary Approaches to Training in Earth Observation” (“Summer School” from 19th til 31st July 2013)
- Brochure “Space Education and Training - Examples from NEREUS Regions”
- NEREUS Education and Training website/ e-catalogue

105 institutions, 214 training offers...
www.nereus-space-training.eu

Outlook – Actions in 2013/2014

➤ **Strengthening the website**

- advertising possibility for new providers (non NEREUS members)
- extended and sustainable implementation of the Website, possibly with EU and/or ESA resources

➤ **Use HORIZON 2020** for further CET projects/ activities

- ### ➤ **In general:**
- Attract new and more members for the WG
 - Increase visibility
