

"Space4You - Space, a driver for
Competitiveness and Growth"

Bari 27-28 February 2014

NEREUS GNSS WORKING GROUP

Pierpaolo Campostrini -
campostrini@corila.it

Chair of NEREUS GNSS WG

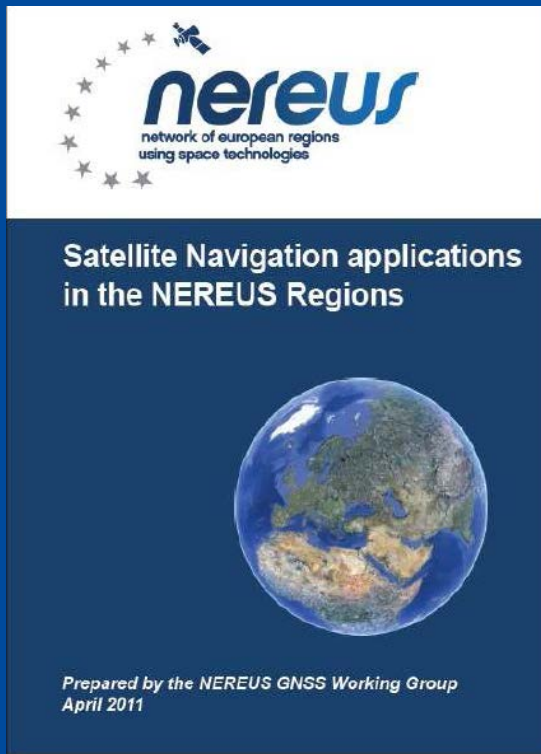

CORILA - Veneto Region

GNSS Working Group

Mapping existing or emerging regional GNSS related initiatives

Through an interregional collaborative effort NEREUS produced two publications that illustrate space uses (EO/GMES and GNSS) in different domains and public policy areas at regional level

FP7 - PEGASE PROJECT - <http://www.gnss-in-eu-regions.info/index.php?id=1>

The screenshot shows the website for the PEGASE project. The header includes the 'pegase' logo and the title 'GNSS in the EU Regions'. There is a search bar and a navigation menu with links for 'Stakeholders', 'Regional Initiatives', 'SME area', and 'Documents'. The main content area is titled 'European GNSS' and contains text about the evolution of satellite navigation and the PEGASE project. A map of Europe is visible on the right side. At the bottom, there is a table with four columns: 'Initiative Directory', 'European GNSS', 'Galileo Application Days', and 'FP7'. Each column has a brief description and a link to read more.

| Initiative Directory | European GNSS | Galileo Application Days | FP7 |
|---|---|---|--|
| A list of regional GNSS-based initiatives is now available on this website... | To know more about Galileo and EGNOS, visit the European GNSS Agency website... | Visit the website of the Galileo Application Days that took place on 3-5 March in Brussels... | The PEGASE project is funded by the European GNSS Agency through EU FP7. |

GNSS maritime applications in the NEREUS regions

REGIONE DEL VENETO

NEREUS WORKSHOP ON

“EGNOS and GALILEO for marine and maritime applications: opportunities and challenges for european regions”

Venice 16 – 17 April 2012

Three topics:

1. the role of GALILEO and EGNOS in supporting European regions policies with a particular focus on the maritime sector
2. the GNSS applications for marine and maritime activities
3. the impact of satellite technology on the operations of ports

Other activities

- Public consultation on applications of EU satellite navigation programmes (Galileo and EGNOS) - From 22.04.2013 to 14.07.2013
- REGULATION (EU) No 1285/2013 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL of 11 December 2013 on the implementation and exploitation of European satellite navigation systems and repealing Council Regulation (EC) No 876/2002 and Regulation (EC) No 683/2008 of the European Parliament and of the Council
