

Passive thermal control systems for manned modules

Fabio, Lepore

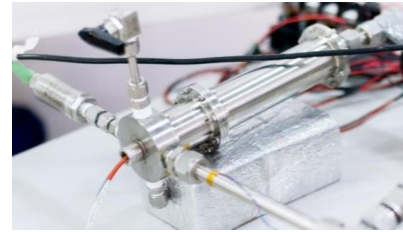

Industrial Chemist, Argotec

Category A – Direct Commercialisation of Exploration Outcomes

*Workshop on “Commercialisation and Utilisation of Space Exploration Technologies”
Turin, 15-16 March 2018*

WHAT ? Two-phase heat transfer devices

- ## **WHY ?**
- Efficient heat transfer
 - Low complexity
 - Operational flexibility
 - Limited maintenance

WHERE ? Manned space modules

HOW ? Using low toxicity working fluids

Category A – Direct Commercialisation of Exploration Outcomes

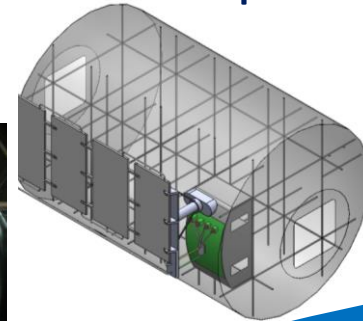

Test on Earth

Test in Space

Use in Space

Use on Earth
